The Light
of the
Resurrection

Dr. Peter Kreeft

Summary

Christianity relies on the miraculous truth of the Resurrection. There is no true science that can ever contradict Christianity since God is the author of both, and is Truth and Goodness Itself. Our Lord has asked us to believe and spread the Good news that death has been defeated by our Lord, and we now have the hope of the Resurrection. We believe in the Risen Lord and all that He has to teach us.

Small Group Goals

- Have an honest discussion about your previous knowledge about the evidence of the Resurrection.
- Have a discussion about how the resurrected Christ has already begun the process of making you new and how He has already begun to transform your heart and mind.

Discussion Questions

- Why is Christianity so different from other religions so that what actually happened in history is the foundation of the entire religion? Why did God subject himself to such concrete, material, incarnate data?
- If Jesus really is present, why don't we see him? Why do we not feel him present? Why should we thank God that we don't see him or feel him?

Supplemental Questions

- What struck you in today's presentation?
- What new insights did you have on the Resurrection?
- How has this year of TMIY: The Light of Men been transformative for your spiritual life?
